300. MINERS BREWERY & BAKERY 1865/IDAHO CITY. rev.GOOD/FOR 25 CTS 13 stars around border. This is the rare and

controversial Idaho "Civil War token" Fuld chose not to list this piece. However, Robert Lindesmith in a 1966 TAMS article stated "As to whether the Idaho City token should be called a Civil War token, it is my opinion that if it circulated prior to the end of the war, it deserves to be included in the group.... He further concludes that the 1865 date on this token is contemporary. This is the same token that we sold a few years back for a price in excess of \$100.00. It should fetch that or more today. The piece is a pleasing VF somewhat weakly struck.

CIVIL WAR RELATED

954. CONFEDERATE SEAL. This facsimile was one of 25 made in 1874 and sold for \$100 each for the benefit of Confederate veterans. The original seal was made in England in 1864 by Wyon and was solid silver. Housed in a Washington Statue gutta percha case. The case has a broken hinge. The seal is mint. Worthy of the most discriminating collection and should bring \$250 or more.
 955. STONEWALL JACKSON MEDAL. obv Bust left. rev. recites list of battles. Housed in original black metal case which is most unusual for this scarce Confederate medal which had to be smugled through the Union Naval blockade to reach its destination. Nice Unc.

At the time Kisch wrote his listing (1945), he knew of only his specimen. However, I have a specimen and know of one other. A few others probably exist, but just the same this is a rare medal. It is probable that only an initial order of perhaps 100 medals were struck, and when cost and sales did not warrant further striking, no more were made." This medal is a clear XF with a few rim nicks, not unusual for a medal of this size and composition. Highly prized for the Columbiana specialist and should bring well in excess of \$100.00.

OFFICIAL NELSON ROCKEFELLER
VICE PRESIDENTIAL INAUGURAL
MEDAL

We are pleased to announce that we have been selected as one of the five distributors for the Rockefeller Official Inaugural Medal.

The medal will be struck in three versions; antique bronze and silver, plus a gold. The long delay in approving the issue was caused since the Inaugural Committee was not interested primarily in revenue generated, but the prestige of the issue. For that reason, the medal will be heavier than any other recent editions and will portray Rockefeller in the highest relief possible. We estimate that only 1,500 gold medals will be struck and 5,000 antique silver editions. While we are not able to provide pricing information at the present time, we want to be sure that our customers have the opportunity to obtain this important issue. We ask those of you interested in purchasing this issue to contact us and indicate your desire to participate. You are under no obligation, however, you will receive the first opportunity to purchase these medals. For your convenience, both Master Charge and BankAmericard will be available.

We are pleased to announce that we will again conduct the floor auction at the National Token and Medal Jamboree in Pittsburgh, Pa., Oct. 17-19 located at the New Holiday Inn-Airport located only a minute or two from the Pittsburgh Airport. If you are interested in more information on this show, contact Duane Feisel, Box 1302, Los Altos, CA 94022.

We are interested in obtaining choice consignments for this auction. Our commission rate is 20% of the price realized. Reasonable minimums may be placed and there is no charge if the lot does not sell. Our auction last year set price records in a number of fields and we see no reason why this year should be different. Please write before you send material.

BIDDERS PLEASE NOTE

We have been receiving an inordinate number of returns with excuses such as "I bid on the wrong lot"; "I picked up the piece in the meantime" etc. A RETURN OF MERCHANDISE MAY ONLY BE MADE IF THE LOT WAS INCORRECTLY DESCRIBED!!
